CONTENTS

SECTION B—VOL. LVIII

PAGE

No. 1—July 1963

Physiology of Low Temperature Acclimation in Tropical Poikilotherms. III. Quantitative Changes in the Bound and Free Amino Acids in the Earthworm, *Lampito mauritii* . . . . . S. Raghupathiramireddy and Kandula Pampapathi Rao 1

Physiology of Low Temperature Acclimation in Tropical Poikilotherms. IV. Quantitative Changes in the Nucleic Acid Content of the Tissues of the Freshwater Mussel, *Lamellidens marginalis* . Kandula Pampapathi Rao 11

Physiology of Low Temperature Acclimation in Tropical Poikilotherms. V. Changes in the Activity of Neurosecretory Cells in the Earthworm, *Lampito mauritii* and Evidence for a Humoral Agent Influencing Metabolism . . . Kandula Pampapathi Rao and K. Saroja 14

Blood Proteins of the Silkworm *Bombyx mori* L. . . . . S. Sridhara and T. S. Ananthasamy 19

Systematics of Memecylon—A Preliminary Survey Based on the Sclereid Morphology . . . . . T. Ananda Rao and K. M. M. Dakshni 28

Cytology of Some Rubiaceae of the North-Western Himalayas . . . . . T. N. Khoshoo and S. K. Bhatia 36

On the Distribution, Structure and Ontogeny of Stone-Cells in *Avicennia officinalis* Linn. . . . . Manju Malaviya (Miss) 45

Cytogenetics of an Interspecific Hybrid in *Arachis* . . . . . V. S. Raman and P. C. Kesavan 51

Cytogenetics of Synthetic Allotetraploids in *Arachis* . . . . . V. S. Raman and P. C. Kesavan 57

No. 2—August 1963

FLORAL COLOURS AND THE PHYSIOLOGY OF VISION

By Sir C. V. Raman

Part I. Introductory 65

Part II. The Green Colour of Leaves 70

Part III. The Spectrum of the Morning Glory 75

Part IV. The Queen of Flowers 78

Part V. The Blue of the Jacaranda 81

Part VI. Comparative Study of Three Cases 84

Part VII. The Aster and Its Varied Colours 89

Part VIII. The Spectra of the Roses 92

Part IX. *Hibiscus* and *Bougainvillea* 95

Part X. Flowers Exhibiting Band Spectra 100

Part XI. A Review of the Results 104

Part XII. Some Concluding Remarks 114

No. 3—September 1963

Morphological Studies in the Gramineae. IV. Embryology of *Eleusine indica* Gaertn. and *Dactyloctenium aegyptium* (Desf) Beauv. . . . . Naresh Chandra 117

The Nucleus of *Saccharomyces bayanus* . . . . N. V. Aswathanarayana 128

On the Life-History of *Spirocerca lupi* (Rudolphi, 1809), A Nematode of Dogs in India . . M. Anantaraman and (Miss) N. Jayalakshmi 137

The Gametophyte of *Cystopteris fragilis* . . . . . Surjit Kaur 148

Studies in Pteridophytes. IV. The Development Structure and Organization of Root in *Isoetes coromandelina* L. . . . . S. Bhambie 153

Pathological Investigations on Some Leaf-Spot Causing Species of *Phyllosticta* . . . . . K. S. Bilgrami 165

Natural Crossing in Rice . . . . . P. C. Sahadevan and K. M. Narayanan Namboodiri 176

PAGE

No. 4—October 1963

Notes on the Freshwater Fauna of Poona. Part I. Fishes . . . . . G. T. Tonapi and Leela Mulherkar 187

Chromosome Survey of Some Species of Solanum of Medicinal Value . . . . . H. P. Bezbaruah and B. Bezbaruah 198

Studies in Cellular Slime Moulds from Indian Soils. II. On the Occurrence of an Aberrant Strain of *Polysphondylium violaceum* Bref., with a Discussion on the Relevance of Mode of Branching of the Sorocarp as a Criterion for Classifying Members of Dictyosteliaceae . . . . . J. N. Rai and J. P. Tewari 201

Studies on the Oxygen Consumption in Tropical Poikilotherms. VII. Effect of Starvation on the Temperature Response of Metabolism in the Freshwater Crab, *Paratelphusa* Sp. . . . . . K. G. Rajabai 207

Studies on the Shrimp *Caridina laevis* (Heller). VII. Organs of Sense . . . . . R. S. Pillai 215

Vascular Anatomy of the Flower of Certain Species of the Calycanthaceae. . . . . . Y. D. Tiagi 224

Copepods Associated with South Indian Invertebrates . . N. Krishna Pillai 235

No. 5—November 1963

Studies on Interesting South Indian Crab-Spiders (Family: Thomisidae) . . . . . B. K. Tikader 249

Studies in Cellular Slime Moulds from Indian Soils. III. On the Occurrence of Two Strains of *Dictyostelium mucoroides*-Complex, Conforming to the Species *Dictyostelium sphaerocephalum* (Oud.) Saccardo and March . . . . . J. N. Rai and J. P. Tewari 263

The Juvenile Leaves of *Bolbitis* . . . . . (Miss) Santha Devi 267

Embryological Studies in Compositae. IV. Heliantheae . H. Maheswari Devi 274

Ecology of the Fishes of the Rivers Pykara and Moyar (Nilgiris), South India . . . . . S. Rajan 291

PAGE

No. 6—December 1963

Studies on Seeds with Ruminate Endosperm. III. Development of Rumination in Certain Members of the Apocynaceae . . . . . K. Periasamy 325

Studies in the Family Scrophulariaceae. I. A Contribution to the Embryology of *Veronica agrestis* L. . . . . . Thomas M. Varghese 333

On *Arthrobotryum coonoorense* . . . . . C. V. Subramanian 348

On the Occurrence of Stone-Cells in Twelve Species of Clerodendron . . . . . (Miss) Manju Malaviya 351

Distribution of Some Rare Plants along Saurashtra Coast and Neighbouring Islands . . . . . T. Ananda Rao and B. Safui 362

Effect of Insulin on Carbohydrate Metaholism of the Bivalve Mollusc *Meretrix casta* (Chemnitz) . . . . . S. Kasinathan 367

Contribution to the Embryology of *Chaenorrhinum minus* (L.) Lange . . . . . Govindappa D. Arekal 375
